Green Goddess Fertility Smoothie

How to make

- ♥ Chop up all ingredients in to small bite sized chunks.
- ♥ Add coconut water, cucumber, cabbage leaves, and celery into a blender or food processor on low speed until smooth.
- ♥ Gradually add in other ingredients and move to higher speeds until you get the consistency you want.
- ♥ You can add more coconut or purified water at the end for a thinner consistency. May add a few cubes of ice while whizzing
